

## AFFORDABLE PREMIUM BLUETOOTH IN-EAR HEADPHONES

The NuForce BE2 delivers an unprecedented audio experience at an affordable price, providing the perfect option for everyday use and on-the-go lifestyles. Featuring sweat proof and water resistance up to IPX5, microphone for calls, patented SpinFit eartips, 10-hour battery life, and AAC audio compatibility, the NuForce BE2 provides a seamless wireless audio experience.

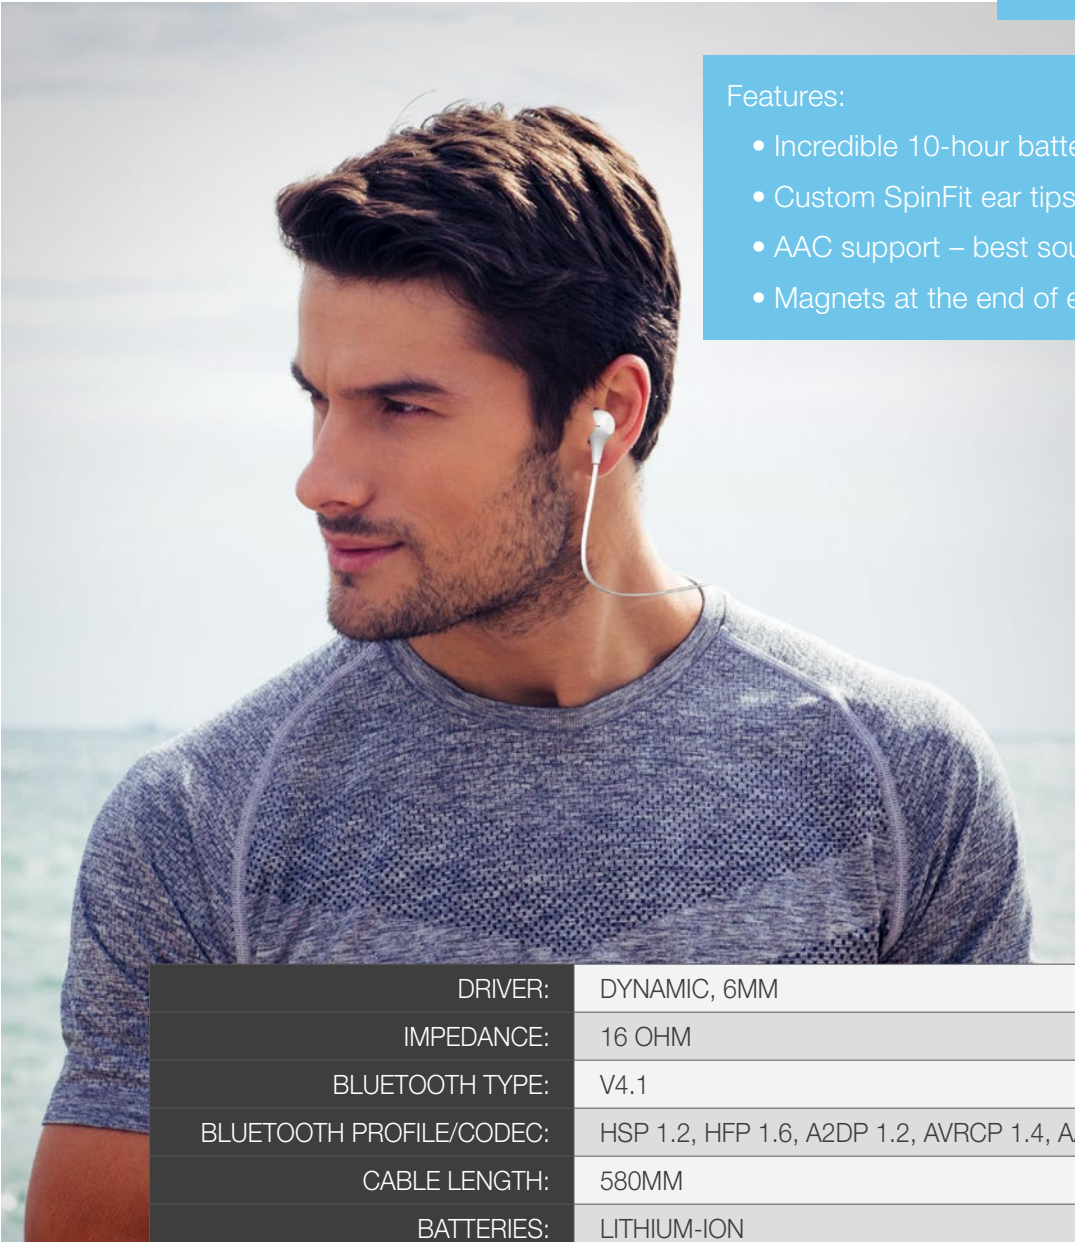

### Features:

- **Quality Sound:** The BE2 earphones are AAC compatible, ensuring maximum audio quality and delay free stream when used with iPhone and other Apple products.
- **Durable, Functional Design:** Crafted with polycarbonate and equipped with Kevlar reinforced cable, the BE2 offers a lightweight, sturdy design. In addition, the wireless in-ear headphones feature magnetic earpieces, which allows for tangle-free listening and portability.
- **Patented Ear Tips:** Exclusive to NuForce, the BE2 come with SpinFit TwinBlade® ear tips which are designed to provide optimal fit and comfort. Developed from high quality silicone, they provide superior stability and improved noise isolation.
- **Long Battery Life:** BE2 users can enjoy up to 10 hours of continuous listening on-the-go.
- **Sweat Proof:** With an IPX5 rating, the headphones are water and weather resistant, guaranteeing protection from rain, dust, and sweat.
- **Classic Color Options:** Available in black or white.
